ASIS Puget Sound Members,

I am pleased and humbled to announce my appointment as ASIS International's Regional Vice President (RVP) for Region 1-A. Jeff Slotnick CPP, PSP the 2011 RVP, has accepted an appointment as the Chairman of the Physical Security Council at ASIS International, though he will still be active in local and regional leadership.

Thank you for your support these last 5 years of ASIS Chapter leadership. It has been a great pleasure to have served the membership of ASIS Puget Sound and the greater Seattle security community. It is through the support of members like you that we are able to continue to strengthen our programs, and to develop new and innovative projects to serve our members and the security community at large.

As we approach 2012, I look forward to serving the oncoming Puget Sound Board. The ASIS Puget Sound Chapter will continue to be a leader in providing quality educational resources, monthly programs and strong specialized security committee involvement.

Christopher Hills CPP, CRMP  
Regional Vice President (1A)  
ASIS International
